DINNER DECISIONS

Directions: Solve each word problem. Show your thinking using numbers, words, and/or drawings.

At one family's Thanksgiving celebration, the dessert choices are apple pie, pumpkin pie, and pecan pie. The topping choices are whipped cream or vanilla ice cream. How many dessert choices can be served?

There are many drink choices for Thanksgiving. There are 6 cans of soda and twice as many cans of lemonade. Also, there are 2 small bottles of orange juice, four times as many small bottles of apple juice, and three times as many cans of grape juice. For those who prefer ice tea, there are half as many bottles of ice tea as there is soda.

Complete the table to tell how many of each drink is available.
